# INTERIORS SERVICE

**Increase your bookings and revenue with our new Interiors Service!**

The average property owner's earnings **increase by**

**—38%—**

after investing in our **interiors service**

**Bnbhost** offer a bespoke interiors service to maximise the potential of your property. With our interior designers and furniture and home accessory partners, we can help you turn any space into an inviting, unique home that you are proud to share with your guests. We can devise a stunning interior strategy for your property in line with your needs and budget. With our expert team we then implement the new design using the highest quality furniture and home accessories to turn the vision into reality.

Investing in your property can unlock a world of rental opportunities, whilst providing a significant return on investment. Many of our clients are already increasing their bookings and revenue by using our interiors service.

Do you want to make your property stand out on the short term let market?
